## COMPANY PROFILE

Ken Coles Excavations Pty Ltd (incorporated in 1964) is a leading plant hire agency, servicing the Sydney Metropolitan Region, The Blue Mountains, Wollongong and the Central Coast.

Mr Ken Coles commenced as an earthmoving and drainage contractor in the early 1950s in Pennant Hills and Central West New South Wales. After many years as a contractor, manufacturer and machinery importer, the company continues today as a plant hire agency (since 1983). Ken's experience in earthmoving and as a business man ensured the current status Ken Coles Excavations enjoys, as a highly respected agency in the Earthmoving Industry.

Ken Coles Excavations is still owned and operated as a family business, following Ken's sad passing away in 2003. The company's reputation of being ethically sound and of the highest integrity is now seeing us into our fifth decade.

The company has established a large clientele over the years in a range of industries including local council work, landscaping, plumbing, electrical, civil and domestic work.

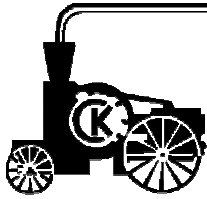

Ken Coles Excavations has developed a large group of earthmoving contractors, with a diverse range of plant, enabling us to meet all of your earthmoving needs.

All our operators are inducted with *Green Card* (General OH&S Induction Training for Construction Work) and comply with the OHS Regulation 2001. The company is a Full Member of The Civil Contractors' Federation.

We can provide all your earthmoving requirements in an efficient and professional manner from the *small difficult access* sites to the *large building sites*.

We offer a free, no obligation *advisory service* in the field, where advice is needed on the most efficient method of excavation or where access is limited.

David Waterhouse  
Director

## COMPANY POLICY

### Quality

The operators from Ken Coles Excavations will conduct their work in a professional and efficient manner so that the customer receives value for money.

### Occupational Health and Safety

Ken Coles Excavations will ensure that our services are provided in a *safe manner* by suitably trained personnel.

Ken Coles Excavations offers *plant that is safe and properly maintained*.

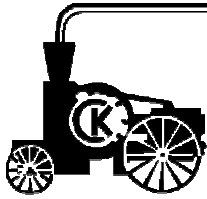

Ken Coles Excavations will *interact with our clients and operators* to ensure a safe workplace.

**Log Books** (service history), **Green Cards**, **Daily Pre-Start Checklists**, **PPE** (Personal Protection Equipment), **Insurances**, **Work Method Statements**, **JRAs** (Job Risk Analysis Statements) and **Work Cover Licences** are all part of our **OHS System** that ensures all requirements of the *OHS Regulation 2001* are applied.

### The Environment

Ken Coles Excavations will conduct our operations in such a way as to have minimum effect on the environment, be it noise, dust, fumes, run off or pollution.

Ken Coles Excavations will recycle materials where possible and use only approved disposal sites.

## OUR OPERATORS

Our business reputation depends largely on the operators we use.

To ensure the best result for you, we have developed a PREFERRED SUPPLIERS OPERATORS LIST.

Our PREFERRED SUPPLIER OPERATORS have proven themselves with Ken Coles Excavations in terms of running *professional businesses* in their own right and are available to Ken Coles Excavations on a regular basis.

Our operators are fully insured, OHS Compliant and are committed to our company policy in Quality, Safety and Environment.

Our PREFERRED SUPPLIERS are not only RELIABLE and EFFICIENT but the operators are what we call GOOD TO WORK WITH. This means a low stress work place and the ability for work to be done efficiently.

## BOOKING A PARTICULAR OPERATOR / MEETING CUSTOMER NEEDS

We aim to match operators' individual skills and experiences to your requirements. We encourage you to tell us about the job so we can meet your needs effectively, be it levelling, loading, moving large quantities, working under buildings etc.

Many of our customers request particular operators when booking because of these reasons.

When booking a machine if you ask for a certain operator we will try and meet your request.
